# 1 | Open the form and enter travel details

**1. Open the website**
Go to **https://cas.cnr.edu.bt**. Click **Staff Substitution +** on the home page, or **Staff Substitution** in the menu. No faculty login is required. On a phone, tap **Menu** to see navigation.

**2. Identify yourself and describe the travel**
Select **Your name**, enter your registered email, select your **Department** and choose the **Purpose**. The department must match your staff directory entry.

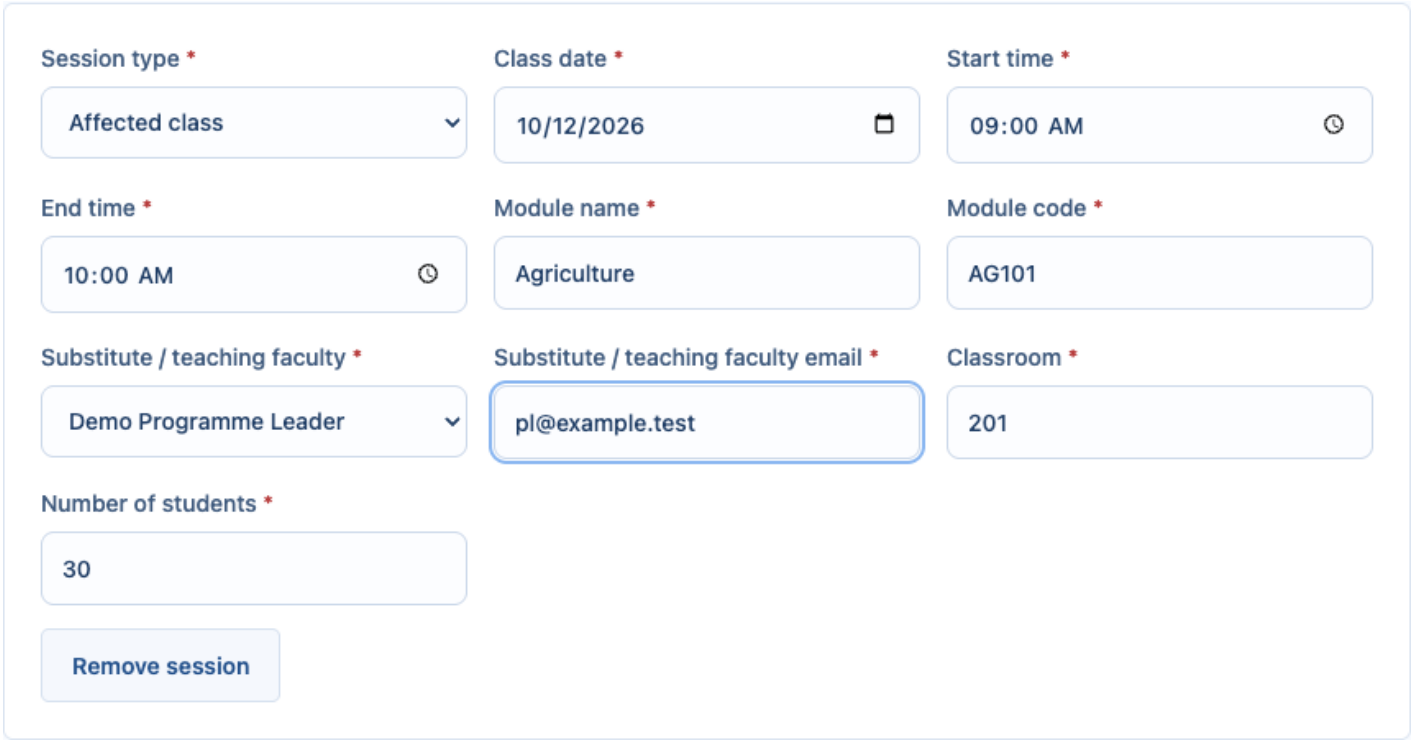

*Example screen from the local demonstration system.*

Enter travel start and end dates, place, funding agency and transportation. End date must be on or after start date. Personal with mileage does not require extra mileage details. For **Other** purpose or transportation, complete the extra details field. Use “Not applicable” for funding when appropriate.

# 2 | Add your class arrangements

### 3. Click + Add class session

Choose **Yes** if substitution is required and add at least one **Affected class**. Choose **No** to hide class sessions and enter the reason substitution is not required. Add a separate row for each affected class. Use **Compensation** for a planned replacement session.

*Example screen from the local demonstration system.*

### 4. Complete each session

Choose the session type; enter class date, start and end times, module name and code, substitute / teaching faculty and their registered email, classroom and number of students.

Affected class dates must fall within your travel dates. End time must be later than start time. Enter a positive student count. Use **+ Add class session** for another row or **Remove session** to remove an incorrect row.

**Before submitting:** agree on the teaching arrangement with the substitute and check that all affected classes are covered.

# 3 | Submit and follow the status

**5. Attach supporting information**
Where needed, add an online learning resource link, assignment / blockday / blockweek document, and invitation or nomination document. Accepted files: PDF, DOCX, XLSX, PNG or JPEG; maximum **20 MB per file**.

**6. Review and submit**
Check your email, dates and class arrangements, then click **Submit request** once. Wait for the confirmation message and note your request reference number.

*Example screen from the local demonstration system.*

**7. Check the home page**
Find your request in **Academic Services**. Use the page controls for older records. The table shows serial number, name, department, travel dates and status, with 10 records per page. Keep the request reference from the confirmation message for enquiries.

**Pending HoD** - waiting for the department head.
**Pending DAA** - HoD approved; waiting for the final decision.
**Approved** - final approval recorded.
**Rejected by HoD / DAA** - contact the relevant official about the reason and next steps.

**Approval routes:** Faculty → HoD → DAA. HoD applicants go directly to DAA. DAA applicants go to President (Pending President). Submission alone does not mean approval.

**If something goes wrong:** correct the red-highlighted field and submit again. Your entered details and selected files remain in the open form. If your name is missing or your email is rejected, contact ICT / the administrator. If no confirmation appears, check the records before submitting again to avoid duplicates.
